Marishel Lochan

Computer Science Student at The University of the West Indies,
St. Augustine | Young & Aspiring Data Analyst | Social Media, Beauty
and Art Enthusiast

Port of Spain, Trinidad and Tobago

Summary

Hi, I'm Marishel Lochan—a passionate and innovative Computer Science student with a love for data, numbers, and creative problem-solving. I thrive on transforming raw data into meaningful insights and enjoy finding unique, artistic ways to approach challenges. My journey in data analytics is fueled by my curiosity for technology and my background in art, which allows me to think outside the box and bring a fresh perspective to every project.

I'm currently pursuing my Bachelor's in Computer Science, specializing in data-driven solutions, and I'm excited to leverage my skills in Python, SQL, data analysis and data visualization to make an impact in the world of analytics. When I'm not coding or analyzing data, you'll find me exploring the intersection of art and technology, creating digital art, or brainstorming new ways to make data more accessible and engaging.

Experience

University of the West Indies, St. Augustine Campus

University Student

September 2023 - Present (1 year 7 months)

St. Augustine, Trinidad and Tobago
